

Great Race for Clean Air 2010

The Bay Area Air Quality Management District and the San Mateo County Air Quality Resource Team present the Great Race for Clean Air 2010. The Race is a friendly competition between Bay Area employers to encourage the use of commute alternatives such as transit, carpooling, vanpooling, walking and bicycling rather than driving solo to work. We challenge YOU to make a difference in the Bay Area!

The Great Race for Clean Air is a great way for employers to show their concern for their employees and the environment!

- Reduce Greenhouse Gas Emissions
- Increase Employee Use of Alternative Commute Modes
- Reduce Solo Occupancy Vehicles

Last year's Great Race participants, including winners Kaiser Permanente, Hacienda Owners' Association, and City of Pleasanton, contributed to a savings of over 130,000 pounds of CO2!

This year's Race runs from August through September, 2010.

The Great Race for Clean Air – it's free, it's fun and it's good for the environment!

Sustainable
San Mateo County
Economy. Equity. Environment.

"We always encourage our employees to demonstrate Kaiser Permanente's role as a health advocate. Participating in a competition such as The Great Race exemplifies our commitment to the health of our members, and to the well-being of the people in our communities."

Jodie Collins, Facility Services Manager
Kaiser Permanente
